To: Druid Hills Property Owners Association DHPOA

From: Druid Hills Home Owners Association DHHOA

Date: May 27, 2017

Letter concerning assessments or fees

Notice: This letter is being generated as a courtesy to all members of Druid Hills Property Owners Association the "Association" concerning the existence of a potentially improper, illicit, surreptitious Property Owners Association commonly referred to as the POA allegedly operating in the Druid Hills.

Furthermore, as Declarant Member of the Druid Hills Home Owners Association (DHHOA) let it be known that I have never joined the POA; therefore, I do not, have not, or will ever owe any assessments, in the past, present or in the future.

Please cease to annoy me Diana Foraci or my members , any further discussion will lead to exposing the POA as an illegal association, for what it is worth this is a warning to those who insist to cause us harm by this ridiculous demand of assessments which is considered a nuisance to those who wish to live here in peace. Please do not threaten me any further, and please be advised that any further attempt to try to collect will end in totally exposing the POA as a deceptive, illegitimate, and fraudulent Association.

Therefore, let it be known that certain representations presently being made by the POA are absolutely questionable and unreliable and thus should not be conveyed to any member within the Druid Hills.

Sincerely,

Diana Foraci

DHHOA

Declarant Member
